WWW.MAX-LIGHT.COM

Lighting up Your world.

Nowa kolekcja Maxlight to ukłon w stronę natury i nowoczesnego designu. Naturalne kamienie, strukturalne szkło i wyrafinowane formy tworzą oprawy, które działają na zmysły i przestrzeń.

Wprowadzamy również serię MICRO11 – inteligentne oświetlenie szynowe w nowej odsłonie. Minimalistyczne, elastyczne, stworzone z myślą o architektach światła.

The new Maxlight collection is a tribute to nature and modern design. Natural stones, textured glass, and sophisticated forms come together to create fixtures that captivate the senses and transform spaces.

We are also introducing the MICRO11 series — intelligent track lighting in a new edition. Minimalistic, flexible, and designed with lighting architects in mind.
